Each year, more consumers are discovering the beauty, versatility, and practical benefits of our custom-crafted awnings.

Using the finest materials available, we offer our customers a product that will withstand the rigors of a blazing sun, punishing winds and torrential rains season after season.

Enjoy the security of a quality awning that is built to a higher standard and will guarantee years of satisfactory performance.

Call us today for a no-obligation in-home estimate.

# *Uncompromising Quality and Service*

Our elegant and affordable awnings offer you a relaxing retreat just outside your door. Comfortable and practical, awnings maximize the potential of your home by expanding the living area and creating an open and refreshing atmosphere that your family and guests will love. Rain or shine, you're free of the uncertainty of changes in the weather.

***You deserve the best***

## **Gator Shield<sup>®</sup> Framing**

Made right here in the USA, our galvanized zinc hot dipped steel tubing is coated inside and out, providing superior long lasting protection from rust and corrosion.

No fabric on the awning market can measure up to Sunbrella's solution dyed acrylic fabric. With a long history of out-standing performance, including fade resistant and mildew resistant qualities, We guarantee your satisfaction.

## **Commercial Awnings**

In addition to our residential awnings, we also offer commercial awnings and displays to the business community. Whether your needs are a comfortable environment for your customers enjoyment, or a bold statement that tells the world you have arrived to meet their needs, we have a custom designed product that is sure to please you. Our professional representative will work with you to design a unique facade that will attract customers to your business. All commercial proposals are presented in a computer generated format that shows you the look of the finished project.
