The Look of Fabric

The Performance of Aluminum

Our Canvalum® Patio Cover has a wrap-around Sunbrella valance giving you the appearance of a fabric awning while the ultra strong maintenance-free aluminum panel system allows you to benefit from Canvalum® all year. With mildew and UV treatments, Sunbrella's solution dyed fabrics have a long history of outstanding performance.

Provista Skylites

Pro-Vista skylites allow a filtered light to seep through keeping the underside cool and bright.

Longevity

Our large variety of support beams and columns incorporate all the necessary strength to have your Canvalum® patio cover last the life of your home. From our standard 2" variable pitch set-back beam to our 10" super "C" beam, we will always maintain the proper wind and snow support. Our support columns come in a large variety of styles and colors ready to compliment your home.
